Their lasting quality, when cut, is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. It is one of the finest decorative vines recently introduced; by many florists it is used instead of smilax, as easily grown and very much more beautiful on account of its light feathery growth. Price, 50 cents per dozen; \$4.00 per 100; \$35.00 per 1,000; 4 in. pot, \$1.00 per dozen; \$8.00 per 100.

Used in decorations, as, for example, in the decoration of mantels, nothing can equal it. The most valuable florists' plant of recent years. The fronds are long and wiry, and for flat bouquets nothing equals it, for, while fleecy in appearance, in reality it is very stiff and forms an elegant support for flowers. It is also a handsome thing for ferneries and hanging baskets. See illustrations. Price, 50 cents per dozen; \$3.00 per 100; \$25.00 per 1,000; 3½ in. pot, \$5.00 per 100; 4 in. pot, \$6.00 per 100.

ROSES

The Rose, which has been well named the "Queen of Flowers," always has ranked first among the many families of plants we grow. We are now devoting half of our entire space to supply the wholesale demand for this generally loved and appreciated flower. Springfield is well known as a center for the Rose, and is now growing and distributing more than any other city in the United States.

THE WHITE SPORT OF GOLDEN GATE,

7 "IVORY"

We are pleased to offer a most valuable addition to our list of Roses for cut flower purposes. A "sport" from the fine old variety Golden Gate, which today is probably the freest flowering Rose of its type in cultivation, but which unfortunately lacks in decided color. "Ivory" embodies all the good points of its parent, size, freedom of bloom, strong, vigorous, healthy growth with a pure white color, which makes it an invaluable acquisition to the list of forcing Roses. It has received highest honors wherever shown. We have in quantity fine 2½-inch stock which if shifted now will make fine plants for early spring sales or planting. Price, 60 cents per dozen; \$4.00 per 100.

Forcing Rose,

MAMAN COCHET

7 One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose pink. Price, 50 cents per dozen; \$3.00 per 100.

The Beautiful White Forcing Rose,

White Maman Cochet

7 The finest Rose of the year; like its parent the growth is vigorous, with rich, healthy foliage, producing large, fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest cut flower Tea Rose in existence. Price, 50 cents per dozen; \$3.00 per 100.

Forcing Rose,

KAISERIN AUGUSTA VICTORIA

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 50 cents per dozen; \$3.00 per 100.

SUNRISE

The New Forcing Rose.

Sunrise has taken first honors wherever shown, and this year will be grown quite extensively for the cut-flower market. In close bud form it shows a deep coppery-pink, but as the flower opens the inner side of the petals shade from a clear yellow to a deep copper, making a very pretty color effect.

The fragrance is delightful, much the same as the old Rose Bon Silene. The young foliage comes a copper bronze, and as it grows older changes to a deep green. This Rose has a good future, having been thoroughly tested, and all the qualities that make a good Rose are in the "Sunrise." Price, 75 cents per dozen; \$5.00 per 100.

SUNRISE.

Forcing Rose,

GOLDEN GATE

It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 40 cents per dozen; \$3.00 per 100.

Crimson Forcing Rose,

METEOR

A velvety red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. Price, 40 cents per dozen; \$3.00 per 100.

The Superb Yellow Rose,

MARECHAL NIEL

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from southern growers tell of single plants showing one and two thousand blooms of Marechal Neil at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50 cents per dozen; \$4.00 per 100.

BRIDESMAID.

**The New Tea Rose,

Price, 50 cents per dozen; \$4.00 per 100.

A strong grower, blooms continuously, flowers good sized and delightfully fragrant. Price, 50 cents per dozen; \$3.00 per 100.

**A Glorious New Rose,
Climbing Marie Guillot**

If you have never seen Marie Guillot growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the Queen of White Roses, and while there are many white varieties of unquestionable excellence, there are none more reliable for out-door cultivation than Marie Guillot. It is one of the most rapid-growing and vigorous Climbing Roses we have ever seen. It blooms continuously throughout the season, the first and every year. Price, 50 cents per dozen; \$3.50 per 100.

Climbing Perle Des Jardins

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate hued blossoms. Hardy South. Price, 40 cents per dozen; \$3.00 per 100.

Forcing Rose,

BRIDESMAID

This variety is grown so extensively now that it hardly needs description. It is a sport from the old standard, Catherine Mermet, and retains all the good qualities of the parent. It is a deep pink, about two shades deeper than C. Mermet. As a cut flower Rose it is cultivated more than any other. Price, 50 cents per dozen; \$3.00 per 100.

BRIDE

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. Price, 50 cents per dozen; \$3.00 per 100.

Forcing Rose,

SUNSET

A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy-copper. Forcing Rose,

PERLE des JARDINS

Canary or golden yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 50 cents per dozen; \$3.00 per 100.

La FRANCE

Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. Price, 50 cents per dozen; \$3.00 per 100.

WHITE La FRANCE

(Augustine Guinnoiseau.)

Here we have a beauty indeed, one we recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except the color. It is pearly-white, sometimes tinted with fawn. Price, 50 cents per dozen; \$3.00 per 100.

CLOTHILDE SOUPERT

The Best Market Pot Rose.

It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." Price, 40 cents per dozen; \$3.00 per 100.

Grand New Velvety Rose,

CLIMBING METEOR

Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Price, 50 cents per dozen; \$3.00 per 100.

CLIMBING BRIDESMAID

Bridesmaid, the parent of this new climber, is the standard pink cut flower Rose of America. It represents the highest degree of beauty yet attained in Roses of its class. When we first offered this new variety as a sport from Bridesmaid its popularity was assured. It grows rapidly and strongly and blooms as freely as does its parent. The flowers are simply beautiful, clear pink. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. Price, 50 cents per dozen; \$3.00 per 100.

RED ROSES

In their various shades. Price, 50 cents per dozen; \$3.00 per 100.

The Tea Rose—Chas. Le Grady

James Sprunt

Deep cherry red flowers, medium size, full, very double and sweet. A strong grower and profuse bloomer.

Christine De Noug

This beautiful new red Tea is a very charming Rose, and promises to be one of the best. Princess Sagan

Flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene.

Pernet's Triumph

It has received the commendation of the highest European authorities, and as far as we can judge, it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson.

Agrippina

An old standard. Flowers red; vigorous grower and free bloomer.

WHITE ROSES

Price, 50 cents per dozen; \$3.00 per 100.

Marie Lambert

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots.

The Queen

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly.

La Marque

Large full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber.

Marie Van Houtte

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem.

Mossella, the Yellow Soupert

This splendid novelty is almost identical with that of the original Soupert. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Price, 40 cents per dozen; \$3.00 per 100.

Coquette De Lyon

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive.

Gen. Robert E. Lee

(Introducers' description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of La Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-winter.

Solfaterre

Sulphur-yellow; large, double, full and fragrant. A strong grower.

Safrano

One of the best of all the coppery-colored varieties, foliage is large, growth is very vigorous, flower large, yellow margin shading to a deep coppery. Too good a Rose for this price.

In the different shades and shapes.

Price, 50 cents per dozen;
\$3.00 per 100.

The Great Southern Rose,

Madame Lambard

This variety is planted in the south as much as any Rose on the market. A first-class Rose for garden planting or pot culture, habit of growth is vigorous and blooming quality very free. The color is a beautiful shade of rosy bronze, changing to salmon and fawn, shaded with carmine. Very sweet scented. An exceptionally fine variety.

Pink Soupert

This bright new Rose is a very free flowering variety, much resembling Hermosa, but more double and flowering more freely. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom.

Mrs. De Graw

Everyone wants a hardy, ever-blooming Rose. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses.

Duchess De Brabant

A bright China Rose, with coppery yellow center, ends of petals suffused with carmine. A charming, beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit.

Madame Schwaller

Large globular flowers; color transparent salmon-rose; very delicate and tender; petals finely edged with violet-carmine; highly perfumed. One of the easiest to grow of the whole Rose family and exceptionally fine for bedding, as with only a little protection, they will stand the cold winter.

General De Tartas

A brilliant carmine, deeply shaded with violet. An extra large Rose, of good shape. The growth is fine; very good for outdoor bedding.

Murlel Graham

This superb Rose is from that favorite variety Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation.

Mlle. Franciska Kruger

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others.

It blooms with astonishing freedom, bearing its large, globular flowers in immense clusters. The color is creamy-white, slightly tinged with buff in the center; vigorous growth; fine foliage and highly valuable.

Price, 50 cents per dozen; \$3.50 per 100.

Madame Abel Chatenay, Forcing Rose

This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy-rose, shaded with rose-vermilion and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shade, strongly accentuated. These charming Roses are of the same creeping habit as Rosa Wichuriana, trailing over the ground or creeping about the trunks of trees and pillars with delightful effect. They are beautiful for their foliage alone, which is finely cut, thick and leathery, brilliant deep glossy-green. These Roses are of intense hardiness, and succeed in all soils, even on the poorest and driest conceivable.

Manda's Triumph. This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented.

Universal Favorite. This is the most vigorous plant of the set. The long branching shoots are covered with dense, bright green foliage. The double flowers are over two inches in diameter, and a beautiful rose color, similar to the Bridesmaid, and deliciously fragrant.

Pink Roamer. This is without question a hybrid between the Sweetbrier, and varies these characteristics in bloom, while the growth partakes more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, rich pink, with almost a white center, which lightens up the orange-red stamens.

South Orange Perfection. (Manda.) This is a gem, growing freely close to the ground and having multitudes of the most perfectly formed double flowers, about one and a half inches in diameter, soft blush pink at the tips, changing to white.

CLIMBING ROSES

Crimson Rambler

The plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this Rose is its remarkable color, which is of the brightest crimson, which remains undimmed in the end, showing none of the objectionable purplish tint so common in crimson Roses. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms. Price, 40 cents per dozen; \$3.00 per 100; \$25.00 per 1,000; 2-year-old field grown, \$10.00 per 100.

Pink Rambler

Psyche.

A new Rose from the Crimson Rambler, which is identical with its parent in all its fine qualities except the color, which is a light salmon-rose shaded with pink. A strong grower and a real companion to the Crimson Rambler. Price, 50 cents per dozen; \$3.00 per 100.

Yellow Rambler

Aglaia.

The color is a decided yellow. The flowers are very sweet scented; habit of growth is very vigorous, well-established plants often making shoots from eight to ten feet in height in a single season. Price, 40 cents per dozen; \$3.00 per 100.

Pink Rambler

Thalia.

Another of the Rambler Roses, similar to Euphrasim, only pink flowers instead of white. A fine grower and one that has always had a good sale. Price, 40 cents per dozen; \$3.00 per 100.

White Rambler

A blood relative to the popular Crimson Rambler and identical to it in hardiness and flowering qualities. A good Rose to train on trellises or to cover unsightly fences. Flowers of pure white, come in clusters, giving the effect of one very large Rose. Price, 40 cents per dozen; \$3.00 per 100.

William Allen Richardson

A beautifully colored and very free blooming Rose of vigorous growth; color, orange yellow, center coppery yellow, faintly tinted rose. The plant is a strong, rampant grower, and altogether a very valuable variety. Price, 40 cents per dozen; \$3.00 per 100.
